IRISH DIVORCE CASE.

OFFICE WHO FOUGHT IN SOUTH
AFRICAN WAR.

In the House of Lords on June 22 before
Lord Halsbury, Lord Curzon, Lord
Fisher, a Bill to dissolve the marriage of
Emily Ernestine Dooner with William
Dooner Dooner, her husband, and to enable
her to marry again, was considered.

It was stated by counsel that the
respondent was a captain in the Royal
Irish Fusiliers. He had taken part in the
South African war, where he was severely
wounded. When he returned he met the
petitioner, and it was a case of love at first
sight. The two were married in October
1902. There were two children, a girl aged
nine and a boy aged seven.

The respondent, counsel continued, de-
veloped a bad temper, and used to fly into
fits of passion with his wife without any
reason whatever. There were three acts
of physical cruelty.

Counsel gave particulars of specific acts
of violence in Hongkong and elsewhere.
He informed their lordships that Captain
Dooner said, when the case came on in
Ireland, that he was not in a position to
contest the petition.

Evidence in support of the statement of
counsel was called, and the petitioner de-
scribed the acts of violence.

The Bill was read a second time.

SCOTTISH SHOOTINGS.

The Earl of Plymouth has taken Com-
mission Deer Forest, in Inverness-shire. It
forms part of the estate of Glenmoriston,
and extends to about 41,000 acres. It yields
from eighty to ninety stags, and a big bag
of grouse and other game. The Duke of
Buccleuch has taken Glenelg, in Roxburgh-
shire, to Mr. C. H. B. Caldwell and Mr.
H. G. Younger.

Arthurhouse, in Kincardineshire, will be
occupied by Col. H. Upton Prior. Mr.
G. Murray Smith has taken Glenbar, in
Argyleshire.

CAUSES AND CURE FOR
DIARRHOEA.

OVERHEATING, a change in the temper-
ature, undue fatigue, and impure
water are some of the causes of diarrhoea.
Cholera, typhoid, and dysentery are
remedied by these bowel disturbances
promptly. For sale by all Chemists and
Druggists.

House of Commons.

THE CHINESE REPUBLIC AND THIBET.

(June 11.) Colonel Yate asked the
Secretary for Foreign Affairs whether he
could give any information as to the pre-
sent relations between China and Thibet;
if he had any official information that a
Chinese expedition was on the march
against Thibet; that reconquest was con-
sidered to be an essential preliminary to
bargaining; and that the Chinese meant
to put forth great efforts to crush the
Thibetans; and if so, whether he would
adhere to his first declared intention not
to acknowledge the Republic of China till
the question of China's failure to adhere
to the terms of Thibetan agreement had
been satisfactorily settled?

Mr. Asquith, who replied, said—With
regard to the facts asked for by the hon.
and gallant member, I can add nothing
to the reply given to him on May 27. No
doubt there is force in what the hon.
and gallant member urges in the last part
of his question. But the recognition of the
Chinese Republic now forms the subject
of international consultation, and it would
be undesirable that I should give an
undertaking that might prevent His
Majesty's Government from acting with
other Powers when the time comes.

Colonel Yate: May I ask the hon. mem-
ber if he has any information yet as to
the supposed advance upon Thibet?

Mr. Asquith: No, Sir.

CHINESE FINANCE.

(12th.) Mr. Bridgeman, on behalf of
Mr. Norman Craig, asked the Secretary
for Foreign Affairs whether His Majesty's
Government exercised any and what con-
trol over the price to be paid to the Chi-
nese Government for the bonds recently
issued, or whether it was left to the
determination of the British group, in
consultation with the rest of the bankers
of the international group, to fix the price
to be paid to the Chinese Government.

Sir E. Grey: The minimum price pay-
able to the Chinese Government was set-
tled by agreement between them and the
international group of bankers with-
out the intervention of His Majesty's
Government. The answer to the second
part of the question is in the negative.

Mr. Norman Craig also asked the Sec-
retary for Foreign Affairs whether the loan
agreement signed recently between the
Chinese Government and the quintuple
group of bankers conferred any special
privileges upon the bankers in regard to
future loan business; and if so, what
was the nature and extent of such privi-
leges.

Sir Edward Grey: I must ask the hon.
member to wait until he can himself
examine the terms of the agreement,
which will shortly be laid before the
House.

Mr. Norman Craig further asked the
Secretary for Foreign Affairs whether he
was aware that an agreement between
Russia and China with regard to Mongo-
lia was initiated on the same day that
the quintuple loan was signed; and whether
the membership of the quintuple group
of bankers was without connection with political considerations.

Sir Edward Grey: The answer to the
first part of the question is in the nega-
tive. As regards the second part of the
question, I would refer the honorable
gentleman to the copies returned respec-
tively to the honorable member for
North-Westminster on Nov. 7 last and to
the honorable member for Hury St.
Edmunds on March 27 last. The opera-
tions of the quintuple group have had
nothing to do with political considerations
of the kind mentioned in the question.

Mr. Norman Craig next asked the
Secretary for Foreign Affairs whether the
Government proposed to continue exclu-
sively to support the Hongkong and
Shanghai Corporation and the associates
in connection with the issue of future
bonds to the Chinese Government;
or, being arising out of concern for the
improvement of railways and similar
undertakings.

Sir Edward Grey: The future policy of
His Majesty's Government is now under
consideration, but I can make no state-
ment at present.

Mr. Norman Craig further asked the
Secretary for Foreign Affairs whether he
would lay the correspondence connected
with the Chinese loan agreement, in con-
tinuation of China, No. 2, of 1912 (Cd.
6449).

Sir Edward Grey: Further papers will
be laid in due course.

SCOTTISH SPORT.

(From Our Own Correspondent.)

EDINBURGH, June 10.

Rain greatly interfered with cricket in
Scotland, and there were many drawn
games. Fifeshire and Clackmannans County
made poor appearances against Forfarshire
and Perthshire. The representatives of
the "Kingship" had a splendid opportunity
of defeating the Forfarshire; but were quite
unequal to the task. For once, Morfies,
Fife's "overshadowed" by his amateur
colleague J. P. P. who had the fine
analysis of 7 wickets for 57 runs. The
batting of Fifeshire is not quite on the
county level, and W. D. Fraser, who bowled
well for Forfar took half of the wickets for-
less than 4 runs apiece. The fielding of
the Northern county was admirable, and
played no small part in the victory.

Clackmannans and Perthshire provide a
marked contrast in size, and on Saturday
their cricket ability seemed to be in
direct proportion to their size. The
"big county" had the easiest of success.
Eoskin was in form, and W. D. Fraser
was also at home with the ball. Perthshire
at the moment are shaping like probable
Championship contenders.

Uddingston and Kilburne had an even
draw on Western Union grounds. The
village team seems to have lost much of its
batting strength; some of their recognized
run-getters are indisputably falling away.
Glasgow University are afflicted with the
evil of bad fielding in their inter-university
matches, and as in the case against
Edinburgh, made a poor show in the field
with Aberdeen. For the Northern Uni-
versity, C. H. Webster collected 53 of the
small total, and took 5 wickets for 51 runs.

The condition of the pitch was reflected
in the game between Northumberland
County and Scotland's premier club. Each
side collected the "fifties" century in and
out, though in the end, with a change in
the weather, neither could run up three
figures. Keene for the Grange maintained
the reputation which he has gained in
English county cricket, and dismissed 10
batsmen for 52 runs. The batting was
uneven all through, the Hon. R. B. Wat-
son for the Scottish club showing most
consistency.

A contrast in scoring was provided by
Glasgow and Separating—the "Glas"
assumed 219 for 2; and the latter for 58
for their whole team. The current of the
outstanding performance, 115 not out.

Hongkong, January 9, 1913.

INTIMATIONS

THE "STAR" FERRY COMPANY,
LIMITED.

NOTICE IS HEREBY GIVEN THAT
an EXTRAORDINARY GENERAL
MEETING of the "STAR" FERRY
COMPANY, LIMITED, will be held at
the Office of Messrs. JAMES MARSHALL
& CO., Ltd., Pender Street, Hongkong,
on WEDNESDAY, 10 July, 1913, at 12.30
o'clock in the afternoon, when the sub-
joined resolutions will be proposed:—

1. That the Capital of the Company be
increased from \$300,000 to \$400,000,
by the creation of 10,000 new shares
of \$10 each.
2. That the Directors be and they are
herby authorized to distribute
\$100,000, from the Reserve Fund
amongst the persons who are re-
gistered as shareholders of the Com-
pany on such date as the Directors
may decide by way of bonus in
proportion to the number of shares
held by them on such last men-
tioned date and that such bonus be
payable on such date as the Direc-
tors may appoint.
3. That the Directors be authorized to
offer at par to every person re-
gistered as a shareholder on such
date as the Directors may decide
one new share of the Company for
every complete three old shares
held by him on which all calls have
been paid such new shares being
(subject to the above condition as to
fractions) equal in nominal amount
to the bonus payable to him for
every complete three old shares held
by him under the last preceding
clause and that the nominal amount
of such new share be paid to the
Company on or before such date as
the Directors shall appoint, such
new shares to participate in the first
dividend declared after the issue
thereof and to rank with the existing
shares.
4. That the offer of the new shares as
retained in resolution (3) must be
accepted on or before such date as
the Directors shall appoint.
5. That no shareholder shall be entitled
to an offer of any fraction of a new
share in respect of an old share
held by him.
6. That the Directors be authorized to
dispose of any new shares offered to
a shareholder and declined or not
accepted within such time as the
Directors may appoint and of any
surplus new shares to such persons
upon such terms and conditions and
at such times as the Directors
think fit.

By order,
W. S. BROWN,
Acting Secretary.

"This has given me New Health and Nerve Power!"

A new lease of health, new strength and vitality, stronger nerves, better digestion, where before there was nervous exhaustion with all its miseries—such has been the happy experience of more than a million users of Sanatogen.

A typical case in point is that of **Madame Olive Schreiner**, the gifted author, whose "Story of an African Farm" has become a literary classic. She writes from the Cape of Good Hope:—

"The effect of Sanatogen upon me has been most remarkable. Nothing that I have taken for years has given me such a sense of vigour and restored circulation. I shall never be without Sanatogen, and you may make any use you wish of this letter, as I am anxious that everyone who is suffering from nerve-weakness should try it."

If you are a sufferer from nerve-weakness, low vitality, or poor digestion, it is simply a duty you owe to yourself and your family to investigate the claims made for

Sir Charles A. Cameron, C.B., M.D., etc., the famous analytical chemist, writes:—"Sanatogen is a substance of the highest nutritive value, containing as it does a large amount of organic phosphorus in exactly the form in which it can be easily absorbed. It is an excellent nerve food."

Sir Luke White, M.P., the well-known statesman, writes:—"My experience of Sanatogen confirms the medical opinion that there is no longer that feeling of fatigue which one previously experienced, but there follows from its use a distinct restorative effect."

Mr. Frank Spence, the well-known artist, writes:—"I had been suffering from neuritis for several months, and after trying different so-called remedies was advised to try Sanatogen. It has worked wonders—in fact, quite overthrown the trouble."

Dr. A. E. Ewald, of Berlin University, writes:—"I have used Sanatogen in a number of cases, mainly of a nervous or neuritic origin, and have obtained excellent results."

SANATOGEN
The Food Tonic
A true chemical combination of phosphorus and proteid, which nourishes and invigorates all the cells and tissues of the body, yet contains nothing harmful—no stimulants or narcotics. It is especially valuable in dysentery, chronic diarrhoea, and other stomachic disorders.

Write for Free Book.

Over 16,000 physicians, among them the very leaders in medical science, have publicly certified to the excellent results which they have obtained from Sanatogen in cases of nervous exhaustion, brain-fag, sleeplessness, lassitude, anæmia, digestive disorders, and various wasting diseases.

You could not ask for more convincing assurance that Sanatogen will benefit you.

Buy a bottle today—it is sold by all Chemists. And write for a Free Copy of "The Art of Living," by Dr. Andrew Wilson, the well-known medical author. This interesting book tells you all about Sanatogen, and also contains a great deal of valuable advice on health topics. Write at once, mentioning this paper, to the manufacturers of Sanatogen, Messrs. A. Wallick & Co., 5, Kinkiang Road, Shanghai.

Agents, **SIEMSEN & Co.**

"ALL-RED" ROUTE SCHEME.

LONDON TO SYDNEY IN THREE WEEKS.

Some particulars regarding an Imperial "All-Red" Route scheme by which a week will be saved on the journey from London to Australia are contained in an article which appears in the June issue of the "National Waterways Magazine," published in Washington by the National Rivers and Harbours Congress. It is proposed, according to the writer of the article, Mr. Harry O. Plummer, to establish a car-ferry service between Stranraer and Larne, whence direct railway communication will be effected with Blackhead, the new Irish port. From Blackhead, 26-knot ferries of the Knapp type will run to Cape St. Charles, Labrador, in three days, and thence mails and passengers will be taken by railway to Winnipeg in another 36 hours. From the metropolis of Manitoba to the Pacific coast, one of three routes is to be selected by the promoters of the scheme.

It is claimed that this journey from London to Winnipeg, more than 3,400 miles, will be performed in five days, while that from London to Sydney will be covered in 31 days. The working of the time of passage between London and New York, Toronto, Pittsburgh, Detroit, Chicago, and other cities of the United States and Canada is stated to have been an important consideration in the working out of the project, and it is contended that by travelling via Blackhead-Cape St. Charles-Quebec it will be possible to take one day off the present fastest schedule between the British capital and New York.

Sir Thomas Troubridge, a syndicate of leading English financiers are said to have already let contracts for commencing construction work upon the railway line which is to connect Blackhead with the northern cross-country routes of the existing Irish railway system. The steamship service will be operated by the All-Red Steamship Company, incorporated under federal charter by the Canadian Parliament in 1907.

The railway to Winnipeg is soon to be constructed under heavy Dominion subsidy. The projected highway, with its Transpacific extensions to Yokohama, Hongkong, Shanghai, and Australia, is the purpose of war as well as the pursuit of peace. It will be backed by the might and the combined resources of the United Kingdom, Canada, New Zealand, and Australia.

BISHOP'S EXPERIMENT.

WRECKAGE PASSENGER ON AN ATLANTIC LINER.

Bishop Brent, head of the Philippines diocese of the Episcopal Church, the American offshoot of the Church of England, has arrived at New York by the Caronia as a steamer passenger, for the purpose, as he told the reporters, of "being with the common people." A sensation is made by American newspapers out of the fact that a Christian prelate should sacrifice his personal comforts to travel with the poor, and what they term the "lowest class of human beings."

On returning to the Philippines Dr. Brent crossed by the Trans-Siberian Railway and took a steamer ticket in Liverpool for the Caronia. The liner was a day out before the ship's officers discovered the Bishop. They offered him first-class accommodation, but he declined, and many sailors passengers who wanted to meet him were compelled to overcome their scruples and pay a visit to the stowage, where the Bishop had an ordinary small two-birth cabin to himself.

There were 1400 emigrants on board, mostly British and Scandinavians. Dr. Brent took his meals with them, pronouncing the stowage fare excellent, and he mingled in the companionship with them throughout the voyage. To the reporters the Bishop said:—"I came over because I believe Bishop's place is with the common people. I see no reason whatever for a Bishop travelling first class."

Dr. Brent wanted to remain on board the Caronia overnight and go to Ellis Island with the stowage passengers, but an urgent request met him on his arrival from the State Department that he should go to Washington immediately for a conference with Mr. W. J. Bryan, Secretary of State, on public opinion in the Far East concerning the anti-Japanese action of California in passing the Alien Land Bill.

COMMERCIAL.

Commodity Report.

Messrs. James F. Butler & Co., Ltd., in their Manchester Weekly Market Report, dated June 12, state:—"The prices for Mid. American Current Month during the week are as follows: June 6th 6.5, 7th 6.47, 8th 6.49, 10th 6.51, 11th 6.53, and to-day at noon 6.50. Spot Mid. American being quoted on June 6th 6.67, 7th 6.69, 8th 6.67, 10th 6.70, 11th 6.74 and to-day 6.70."

As will be seen from these figures the tendency is towards higher prices and the firmness does not help business along although prices for cloth have not been very much affected by the advances. There is certainly more enquiry experienced this week, but there is not an average amount of business being done by any means. What has been done seems to have been well distributed among the different markets—a feature also is the smallness of the orders, and buying seems to be only for actual requirements. Big buying has ceased for the present—China is doing a little in special directions while Java, Egypt and India are the most noteworthy of the other markets.

Opinions differ somewhat materially on the outlook here, and in some sections doubts are expressed as to the sufficiency of demand, thinking that if the demand does not increase, prices should get easier. We know the idea is common that manufacturing is at present attended by full remuneration which is rather a mistaken one, except for special lines of goods which are well booked, and it is not likely that these makers would take further business without a fair margin. There are many who are at the bottom as far as margins are concerned, and demand does not effect them much, whereas those in strong positions have no need to worry about the lack of business for some considerable time to come.

We have heard this week of rains in Bombay and the news generally of the Monsoon is of a favourable character, and it is hoped it will continue so. India is the market which has bought heaviest of all and a successful harvest should put the different outlets there in a position not only to absorb what has been contracted for, but also to place further substantial business.

The Board of Trade Returns for May show an increase of £2,111,298 in imports and £5,626,787 in exports as against May last year—Cotton figures do not come out so conspicuously as in recent returns. The raw material shows a decrease of only £65,850 for the month, but taking the past 5 months there is a decrease of about £2,250,000. Yarns are also down, but Piece Goods make up for any deficiency and show increase for the month of £1,022,488, and £3,405,804 for five months—Exports to India, China, Argentina and Dutch East Indies being largest.

The International Cotton Spinners' Congress during the past week in Holland has been devoting its attention to methods whereby a larger supply of the raw material can be secured and the Committee announce that believing India to be the country in which the supply can be increased with the greatest speed are taking steps to get a bigger crop from there.

ROYAL CINEMA THEATRE.

Installation at Buckingham Palace.

A cinematograph theatre is to be installed at Buckingham Palace for the benefit of the younger members of the Royal family and their friends. The King and Queen regard films of current events as an excellent medium for illustrating topics from all over the world. A small salon has been set apart for the purpose of the theatre, and the canvas will be comparatively small. The work will not be put in hand until their Majesties leave for Cowes.

The Royal family have, of course, frequently witnessed cinematograph entertainments. As long ago as 1911 there was a "command" performance at Balmoral Castle, when the Coronation scenes and the investiture of the Prince of Wales at Carnarvon were shown in Kinemascope, to the delight of their Majesties' children and a number of guests. Since that time performances have been given at Sandringham, notably the one which depicted the Royal visit to India, including the gorgeous Durbar ceremonies.

BON TON.

JUST ARRIVED—A Nice Assortment of Ladies' Trimmed Hats, Children's Bonnets in Silk and Straw, New Ribbons, Flowers, Belts, &c.

If you happen to be at your work, call on the Courthouse and promptly serve just the same. Only at The ALEXANDRA CAFE.

LOSING WEIGHT BY THE POUND.

"Under Weight," a condition of ill-health, shows your assimilative powers are decreasing.

WATERBURY'S METABOLIZED COD LIVER OIL COMPOUND

Supplies the blood with the wanted nourishment and healthy flesh building materials. Very palatable.

OF ALL CHEMISTS

Prices: \$1.25 and \$2.25

W. ROWEN FOWLER

BY TELEGRAPH.

(Reuter's Service to the China Mail.)

THE BALKANS WAR.

ENORMOUS CASUALTIES.

London, July 8.
A telegram from Salonika states that the Greeks are now marching on Seres.

MORE RECRIMINATION.

Reuter's Sofia correspondent learns that a semi-official note denies that Bulgaria took the aggressive and also alleged Serbian victories. It accuses Serbia and Greece of a preconcerted attack upon Bulgaria.

ANOTHER LITTLE SQUABBLE.

A Belgrade message states that the Serbian Note to Bulgaria has caused another rupture. It is announced that the Treaty Alliance has now been cancelled.

THE GREEKS ACTIVE.

A telegram from Salonika states that the Greeks have occupied Doiran.

AUSTRIAN MEDIATION ACCEPTED.

The announcement from Vienna that Roumania and Bulgaria have intimated their willingness to accept Austrian mediation has caused relief in London, Vienna and Berlin. It is considered that the conflict between the Allies is not complicated in the least at present by the armed intervention of Roumania.

FIGHTING IN BULGARIA.

A telegram from Sofia states that the Bulgarians, retreating on the Servians entering Bulgaria, defeated six Serbian battalions near St. Nicholas Pass and captured six guns. The Servians are being pursued.

8000 GREEK WOUNDED.

Eight thousand Greek wounded are now at Salonika.

HEAVY BULGARIAN LOSSES.

A Belgrade message states that Servians to the number of fifteen thousand are now *hors de combat*, whilst twenty-five thousand Bulgarians are in the same plight through casualties. The Bulgarian losses have been enhanced by bad organization and defective ambulance service.

SERVIA OFFICIALLY BREAKS WITH BULGARIA.

A telegram from Belgrade states that Serbia, considering that Bulgaria is periodically broken the Alliance, from today breaks off all relations with Bulgaria.

BULGARIAN MINISTERS RECALLED.

A telegram from Sofia states that the Bulgarian Ministers have been recalled from Belgrade and Cetinje, and their interests entrusted to Russia.

A BLOCKADE.

Greece has declared a blockade of the coast of Enez to the mouth of the Struma, and neutral vessels proceeding towards Bulgarian Black Sea ports will be searched.

KRIVOLAK RETAKEN.

A telegram from Belgrade states that the Servians have re-taken Krivolak after desperate fighting, driving out the Bulgarians, who, abandoning rifles and ammunition fled, and were pursued by the Servian troops.

THE GARTER FOR EARL SPENCER.

London, July 8.
Earl Spencer has received the honour of the Garter.

THEIR MAJESTIES' LANCA-SHIRE TOUR.

London, July 8.
Their Majesties, who are the guests of Lord and Lady Derby at Knowley, have begun an eight days' tour of the Lancashire industries.

GRAMP COLIC.

NO need of suffering from cramps in the stomach, or intestinal pains. Chamberlain's Colic, Cholera and Diarrhoea Remedy never fails to relieve the most severe cases. Get it today, there will be no time to regret it when the attack comes on. For sale by all Chemists and Storekeepers.

BY TELEGRAPH.

(Reuter's Service to the China Mail.)

SCOTT MANSION HOUSE FUND.

THE TOTAL £75,000.

London, July 8.

The Committee of the Mansion House Scott Fund, in their Report, thank the public in all parts of the Empire and India for their liberality. The fund totalled £75,000 and has been allocated as follows:—Lady Scott and son, £13,000; Captain Scott's mother and sisters £6,000; Mrs. Wilson, £3,500; Mrs. Bowers and two daughters, £4,500; to others, sums totalling £3,000. £17,500 will be allocated to the publication of the scientific results of the Expedition; £3,000 to the erection of a tablet in St. Paul's Cathedral and a monument in Hyde Park; £10,000 for the endowment of a fund for Polar Research.

ENGLISH COUNTY CRICKET.

London, July 8.
Notes Derbyshire at Nottingham by an innings and 125 runs.

MR. WALTER LONG UNWELL.

London, July 8.
The Right Hon. Walter Long, M. P., underwent an operation yesterday. His condition is favourable.

GERMAN SCIENTIFIC EXPEDITION.

London, July 8.
A Berlin telegram states that the Colonial Office has decided to scientifically examine the coastal waters and estuaries of the Cameroons, East Africa, with a view to studying fish and other marine animals; and also to despatch an expedition on board a special vessel to south-west Africa for the purpose of establishing a regular fishing industry.

OBITUARY.

London, July 8.
The death is announced of the Duchess of Northumberland.
[Note.—Her Grace, before her marriage to the sixth Duke of Northumberland, in 1888, was Lady Edith Campbell, daughter of the eighth Duke of Argyll.—E.N.C.M.]

MR. JOSEPH FRY.

The death is announced of Mr. Joseph Fry, head of the well-known cocoa firm.

IRISH HOME RULE.

PREMIER'S FAITH IN ULSTER.

London, July 8.
In the House of Commons last night, the Home Rule Bill for Ireland was, for the third time, read a second time under the Parliament Act.
Mr. Bonar Law renewed his protest against the Government's action, and warning them of the consequences.
Mr. Asquith reassured that Ulster's fears were unfounded. He hoped and believed that Ulster would realize this and that it would never be necessary to apply coercion.

THE DIVISION.

The Third Reading was passed by 352 votes to 243.

(Wah Tse Yat Po's Service.)

CHINESE NEWS.

DEMAND FOR HU HON MAN'S ARREST.

Peking, July 8.
Telegrams have been received from the Philippine Islands, Straits Settlements, Hongkong, America, and from Chinese merchants denouncing Hu Hon Man for misappropriation and demanding his arrest. Requisitions have been made for the removal of Liu Chung Hoi for his complicity. Canton merchants have been offered one million dollars for wine revenue monopoly. It is believed that the offer was not accepted.
Fung Wa Chun, Tam Tso Kung and Fung Shui Sang are at Peking working for the salt monopoly, each representing a different party. Their success is doubtful.
The Canton loan from the Hongkong and Shanghai, German and French banks of \$4 million dollars has been paid from the big loan.
Hsiung Hai Ling has consented to return to Peking for the purpose of forming a new Cabinet. Hsu Hsi Chang was first offered the Premiership, but he declined it.

BY TELEGRAPH.

(Reuter's Service to the China Mail.)

THE JOHANNESBURG STRIKE.

PROSPECTS OF A SETTLEMENT.

London, July 8.

A telegram from Johannesburg states that as a result of the ballot of the Amalgamated Society of Engineers of the entire Reef, a vast majority are in favour of accepting the strike settlement. The Council of the Society have passed a resolution to the effect that the grievances are not satisfactorily redressed a strike will be declared in a month's time.

SITUATION UNCERTAIN.

Another telegram from Johannesburg states that the miners on strike are returning to work all along the reef, but owing to objections to the terms of settlement of the dispute the situation is still uncertain.

THE SETTLEMENT TERMS.

A later telegram from Johannesburg states that the miners are returning all along the reef, but the situation is still uncertain owing to objection to the terms of settlement.

ONE HUNDRED CASUALTIES.

Another telegram states that there was a stern suppression of the rioting yesterday afternoon, when volleys were fired by troops for two hours. About one hundred people have been killed and wounded. The strikers were overruled.

STRIKE SETTLED.

A conference between Messrs. Botha and Smuts with the mine owners was followed by a conference by the same gentlemen with the strike leaders. A settlement of the strike resulted.

FIGHTING IN MOROCCO.

107 ITALIANS KILLED.

London, July 8.
A telegram from Rome states that the Arabs have cut up Italian engineers who were roadmaking near Cyrena, inflicting losses of 107 killed and 110 wounded.

BRITISH TRADE RETURNS.

London, July 8.
The Board of Trade returns for June show that during the month the trade of the United Kingdom showed increases in imports of £7,554,965 and in exports of £7,204,237. The principal increases of imports were in food, drink and tobacco, which together accounted for £3,000,000; and in raw cotton, half a million sterling. On the other side imports of iron and steel manufactures, machinery and ships increased by £2,500,000, cotton by £1,624,295, and wool by £408,238.

VICTORIA RECREATION CLUB.

PORTUGUESE AQUATIC EVENTS.

Particulars of some interesting forthcoming aquatic events in connection with the Victoria Recreation Club will be found in our advertising columns. The quarter-mile championship of the colony will be held at the V.R.C. on July 27th at 5 p.m. The entries for which will close on Monday, July 21st at 6 p.m. There will also be a diving competition and water polo match between V.R.C. members. The price of admission to non-members is 50 cents, but sailors and soldiers in uniform will be admitted at half-price.
The half-mile championship of the colony will be swum off on Saturday, August 16th, and entries for this event will close on Monday, August 11th at 6 p.m.
The second night aquatic fête will be given on Saturday, July 19th starting at 9 p.m. A splendid programme has been arranged and a band will be in attendance. The price of admission will be non-members \$1; ladies, children and members 50 cents.
The Hongkong Water Polo Shield competition will be held in the V.R.C. swimming bath, for which the charge for spectators who are not members of the club will be 20 cents.

DIAZON TYPE NOT NECESSARY.

CHAMBERLAIN'S Colic, Cholera and Diarrhoea Remedy needs no glaring headlines to attract the public eye. The simple statement that all chemists and druggists sell it every family knows it. It is a fact that it has been used for forty years and is just what its name implies. For sale by all Chemists and Storekeepers.

GROWTH OF THE TIENTSIN CONCESSIONS.

Although the development of Tientsin is not perhaps proceeding at the pace it did last year, yet there are abundant signs of activity in every direction.

As was mentioned in the report of the British Municipal Council in our last issue, the next work on which Councils will engage is in the improvement of the Bund Road, which has been allowed to fall into a sad state of disrepair. Six for the last four hundred yards, from beyond the Kienkin Club to the edge of the German Concession the Victoria Road has been treated on the tar macadam principle. The work has been in progress for some weeks, and although some inconvenience to traffic has been caused, yet the results are one on which those responsible may fairly be congratulated as a wholehearted attempt to tackle the dust problem; but if the road will wear well and always preserve that pleasing smoothness and springiness, remains to be seen. Coolies are at work on the Bund in putting forward the operations of road reconstruction or rather reclamation. Town making, however, is a slow process. Rome was not built in a day, and similarly Tientsin will take many years to develop to its utmost capacity. It is, however, a pleasant prospect for the British community to contemplate the undeveloped area of the Extra Mural Area which will offer opportunities for expansion for many years to come.

The French bund from the opposite side of the river presents an imposing appearance with the reinforced concrete banks. One of the greatest improvements ever effected in Tientsin was the cutting off of the elbow of the river just below the International Bridge, and the consequent demolition of the Power House, and the enterprise of the Municipality has been rewarded. The bunding work is still in progress, and the avowed policy of offering every inducement to shippers to berth higher up the river is being steadily pursued. The result is self-evident. Another direction in which the Municipality is making rapid progress is in the reclaiming of the marsh land, and the filling of the pond, whereon will be constructed in future days a park, which it is hoped will be the centre of a pretty residential district.

In the Japanese Concession godowns of a modern and substantial type are springing up and engineering works on the river bank are projected.

To the most casual observer it is apparent that the German Concession is claiming its full share of development. Houses are springing up all over this Settlement and its natural beauties offer many inducements for house-builders which are eagerly being availed of, many by British residents. The work of reclaiming what was but a short time ago beyond the Canal a quagmire has been completed. Extensive sewerage and drainage schemes are in progress and one of the best indices of the vitality and energy with which the German community are laying the foundations of future development lies in the building of the new school.

On the opposite side of the river, the work of the Russian Government in making a temporary though substantial wall in front of the Consulate, to prevent the constant washing away of the bank, has been completed. It was only just in time. The increased tide force, consequent upon the opening of the Fourth Cutting, would have had no greater effect anywhere than on the soft bank at the Russian Concession at the slight bend of the Consulate. A comprehensive bunding scheme, practically from end to end of the Concession, is at present in abeyance, owing to the action of two property owners, who refuse to come under Russian jurisdiction, denying the investigators of the scheme the privilege of handing in front of their property which is at the river edge. It is hoped for the future progress of the Russian Concession that way can be found out of this impasse. Meanwhile the Concession is developing internally. Nikolai Road, which will run practically from end to end of the Concession, is being pushed on. It will in days to come form the backbone of the Concession such as Victoria Road now is of the British Work on Popo Road, another important artery, is also being pressed forward and building activity is apparent in more than one direction.

In no Concession is more substantial progress being made or such energy and enterprise being displayed than in the Italian. What was a short time back little more than a collection of ponds is by clever engineering, being transformed into a charming residential district. A bend in the river is being cut off and the material thus obtained is being used to fill in ponds and the low-lying places, thus ensuring a good healthy elevation and an improved ventilation. The work is going on at a great speed, and a little light railway, on a three-foot gauge, has been constructed to expedite the work of carrying ballast. How quickly this enterprise has been rewarded may be seen by those who take the trouble to visit the site. The work is going on at a great speed, and a little light railway, on a three-foot gauge, has been constructed to expedite the work of carrying ballast. How quickly this enterprise has been rewarded may be seen by those who take the trouble to visit the site. The work is going on at a great speed, and a little light railway, on a three-foot gauge, has been constructed to expedite the work of carrying ballast. How quickly this enterprise has been rewarded may be seen by those who take the trouble to visit the site.

This then, briefly, is the story of the manner in which the foreign Concessions of Tientsin are utilizing the opportunities which they had to build so hard to obtain. In every Concession are the same indications of energy, enterprise and achievement. On the other hand, the native city is somewhat more difficult to determine, but apparently developments such as are going on in the Concessions are not without effect. Certainly Hopen could well do within another regime, such as that instituted by Yuan Shih-kai over a decade ago.

TELEPHONE, 97.

The problems which face the elected representatives of the different Concessions are similar in many instances. Many close students of Tientsin affairs declare that they can see a growing unity among them and a desire to reach the common goal by the same road. The recent taking of the census, and the fact that the public auditor question has been under discussion by all the Councils is an indication of this new spirit. And in it perhaps lies one of the happiest auguries of the future of foreign Tientsin.—Peking and Tientsin Times.

DUTY AND DISCIPLINE.

A ROYAL EXAMPLE.

In connection with the "Duty and Discipline" movement, a meeting was held at Devonshire House, Piccadilly. In the absence of the Duke of Devonshire, the chair was occupied by the Earl of Moira.
The chairman said that he had in his Majesty the King who recognized the meaning of the two words "duty" and "discipline." He recalled two stories to illustrate the statement. One related to an occasion when the King, then a Prince and a naval officer, arrived at the Port of Gibraltar, and rowed for an hour and a half in the teeth of a gale in order to pay respect to a senior officer. Another incident referred to an order given to the Prince to run out a torpedo-boat when he much desired to attend Goodwood races. His senior officer suggested that perhaps the Prince would arrange with some one else to take his place. "No," he replied, "it is the same to you, sir, I would rather do my duty."
The duty and discipline movement, Lord Moira explained, had sprung out of the Empire movement, and the object was to bring home to parents and teachers the serious danger attaching to the tendency to allow children to grow up without control. In two years the movement had found adherents in the five continents of the globe, and was rapidly growing. He suggested that the almost universal decline in home control was due, among other causes, to excessive severity towards children in former days, followed by hysterical sentimentality and the growth of a spirit of lawlessness among children.

DON'T NEGLECT YOUR FAMILY.

WHEN you fail to provide your family with a bottle of Chamberlain's Colic, Cholera, and Diarrhoea Remedy at this season of the year, you are neglecting them, as bowel complaint is sure to be prevalent, and it is too dangerous a malady to be trifled with. This is especially true if there are children in the family, and a dose or two of this remedy will place the trouble within control, and perhaps save a life, or at least a doctor's bill. For sale by all Chemists and Storekeepers.

FACE BLEMISHES SPREAD 'ROUND NECK

Arms and Chest, Pain at Times Unbearable. Ashamed to Be Seen. Cuticura Soap and Cuticura Ointment Left Skin Clear and Fresh.

89, Albert Road, Dainton, London, N.E. Eng. — For some years I suffered from many face blemishes which gradually spread round my neck, arms and chest. The pain at times was unbearable and they caused a continual itching and irritating feeling. At night I could get very little sleep and, of a day, time I felt ashamed to be seen.

"A friend who had no face blemishes told me of a little Cuticura Ointment. At first I hardly thought it worth a trial, as everything else had failed. One night the itching was very bad and I felt as if I could tear the skin from my face. I took the Cuticura Ointment and after washing my face and neck in warm water I rubbed it gently on the places inflamed and itching. Very quickly I found it gave relief and in my delight I purchased a box of Cuticura Ointment and some Cuticura Soap. By the time I had used a third box the blemishes had quite disappeared, leaving my skin hard and never been for years, clear and fresh."

(Signed) Arthur E. T. Robinson, July 1, 1912.

Cuticura Soap and Cuticura Ointment are sold throughout the world. A sample of each with 25-p. skin book free from nearest depot; F. Newman & Sons, 27, Charterhouse St., London; Foster Drug & Chem. Corp., Boston, U.S.A.

40-Tender-faced men should share with Cuticura Soap Shaving Stick. Sample free.

WEATHER REPORT.

On the 8th at 11.40 a.m. — Pressure has

increased slightly to moderately in north-

ern districts. Changes are small elsewhere.

The depression which extended from

Hongkong to the Loochoos yesterday is

now central near Naha.

A shallow depression covers the China

Sea.

Light of variable winds are indicated

along the east coast of China and over the

China Sea.

Hongkong rainfall for the 24 hours end-

ing at 10 a.m. to-day, 0.00 inches.

Forecast for the 24 hours ending at noon

to-morrow:—

1.—Hongkong and Neighbourhood:

Light or variable winds, fine.

2.—Formosa Channel: The same as No. 1.

3.—South coast of China between Hong-

kong and Lamook: The same as No. 1.

4.—South coast of China between Hong-

kong and Hainan: The same as No. 1.

HONGKONG TIDES.

The tide table given below has been
